

MEDIN's Historic Environment Data Centre

archaeologydataservice.ac.uk

- An accredited digital archive holding the Data Seal of Approval
- Providing advice and guidance through the Guides to Good Practice
- Research and development on techniques for underwater archaeology
- Mandated archive for many funders, including NERC
- Award winning, holders of the Digital Preservation Coalition's Decennial Award

What does the depositor get?

- Long term, online, open access archive and preservation of a wide range of data types
- Provision of citeable Digital Object Identifiers (DOIs)
- Metadata harvested by the MEDIN portal and NERC's Data Discovery Service
- Links to 'data papers' or publications
- Reporting maritime events through OASIS and the Grey Literature Library
